Who We Are

We're a team of professionals from radio, club and live events who believe getting the music right for you is THE most important thing.

Our collective experience, customer service and passion for music sets us apart from an industry full of DJs playing the same old songs to increasingly empty dancefloors.

What We Offer

Our DJs use identical stylish modern equipment and we only supply them from within our trusted team so clients who book us know exactly what will be arriving on the night.

We set up quickly so you have more time to party and you will feel reassured you'll be getting exactly the kind of music you want without the tracks you don't, thanks to our exclusive portal which helps clients build their perfect party playlist.

What You Get

When you hire Hampshire Event DJs you get a friendly professional DJ who will embrace your music tastes, leaving you and your guests feeling happy with tired feet and happy memories next morning.

Included in our fee:

- Our signature set up with sound system and movement lighting.
- Uplighting to style the room to match the colour scheme of your day.
- Access to our client portal to help you build your perfect party playlist.
- 5 hours of crowd pleasing music complimenting your taste.

Other benefits:

- High level public liability insurance
- Thousands of hours of experience from hundreds of events
- Constantly updated research ensuring we play the most familiar tracks.
- Access to a shared library of clean profanity free music.
- Reserve DJs who can deputise in case of illness.

What Else Can We Offer?

DJ & Sax

Our team can bring an Ibiza style vibe to your party working alongside a saxophonist and/or percussion. We can suggest some musicians we've worked with before or will work alongside performers you've sourced yourself.

Customised First Dance Edits

Couples often ask for something unique for their first dance. Whether it's a pre-mixed transition from a ballad into a dance mix of your song or a shorter custom edit of a particular track our audio production skills can make it happen.

Bespoke DJ Stand Branding

Our signature DJ stands are easy to customise for your day to include your names, the date of your wedding, a hashtag or unique design to tie in with your stationary. Afterwards you can keep the Perspex and have it made into a lightbox.

Staging

Our compact 4m x 2m stage is perfect to elevate a band and is a popular add-on for corporate events.

Portable Speaker Hire

Holding your ceremony in a remote location without power? We can ensure your music is heard.

Essentials

For a last minute party or celebration where space is limited we offer a more affordable package with a compact set up, reduced lighting proposition and shorter playing time. This is bookable 8 weeks before your date and strictly subject to availability.

We do not offer dance floors, photobooths or light up letters but we can introduce you to other quality suppliers who do!

What Our Clients Say

We believe we are only as good as our last review.

Here's a selection of quotes from our most recent feedback on Google:

"I honestly did not leave the dance floor all evening - some nights you wished lasted forever!"

Nykole Webb – Chewton Glen

"Fantastic from our first contact to our wedding day. So friendly and responsive to any questions and gave us such a piece of mind."

Alice – Syrencot

"From start to finish the dance floor stayed full and Jack followed our brief perfectly. Everyone was loving it!"

Bobby – Came House

"The song choice process on the website is brilliant, easy to use and helped create a brilliant playlist for our reception!"

Amy-Marie – Weddings In The Wood

Made our day go out with a very memorable bang!

Emily – Wickham Estate

"Created a fantastic party atmosphere without loads of patronising cheesy MC interruptions which was just what we wanted."

Anna – Beaulieu Hotel

"Every song was on point and Dan did his thing without intruding on the evening. Exactly what we wanted. Thank you for helping make our wedding what it was."

Lauren – Rumbolds Farm

"These guys are not your typical wedding DJs- they are true professionals who provide an incredible service with value for money."

Isabel – Pythouse Kitchen Garden

"The website was super easy to use and it was great that you could listen to snippets of songs because I am SO bad with titles and artists! "

Lauren – Winchfield
